1 Mechanism of Action and Types of Applications of NeuroMuscular Taping	1	Lymphatic NeuroMuscular Taping or LymphoTaping	49
Skin Thickness and Elasticity	8	Circulatory System	49
Major Elasticity Lines of the Skin	11	Lymphatic System	50
Tape Application	18	Lymphangion Motor Activity	59
Preparing the Tape	20	Lymphedema: Classification	62
Cutting the tape	20	Congenital-hereditary lymphedema (primary)	62
Depth of action and tape size.....	20	Secondary lymphedema	62
Separating the tape from its backing paper	24	Treatment with Lymphatic NeuroMuscular Taping	64
General Principles for Application	25	Decongestive and mobilizing exercises	64
Preparation of the body area to be treated	25	Congenital-hereditary lymphedema (primary)	66
Patient's age	25	Secondary lymphedema	68
Duration and number of applications	25	Post-surgical edema	69
Tape application	26	Mixed congestions	71
Tape removal	26	3 Head and Neck	73
Contraindications	26	Anatomical References and Landmarks	74
Therapeutic principles	27	Superior Drainage of the Eye	78
Basic Concepts of the Decompressive Technique.....	28	Lateral Drainage of the Eye	81
Drainage Technique - Muscles	31	Inferior Drainage of the Eye	84
Drainage Technique - Ligaments and Tendons	32	Medial Drainage of the Eye and Nose	86
Decompressive Application - Achilles Tendon	33	Drainage of the Nose	89
Drainage Technique - Joints	34	Lateral Drainage of the Face	91
Application - Shoulder Joint	37	Drainage of the Lips	94
Application - Elbow Joint	38	Anterior Drainage of the Neck	97
Application - Knee Joint	39	Lateral Drainage of the Neck	104
Lymphatic Application	40	Posterior Drainage of the Neck	112
2 Lymphatic and Vascular System	47	Clinical Cases	117
Anatomical Basis.....	47	4 Trunk	119
Regions of the Body	48	Anatomical References and Landmarks	120

Superior Drainage of the Breast	125	Inguinal Drainage	218
Inferior Drainage of the Breast	127	Lateral Drainage of the Iliac Crest	223
Lateral Drainage of the Breast	129	Anterior Drainage of the Thigh	229
Anterior Drainage of the Thorax	132	Complete Drainage of the Thigh	231
Lateral Drainage of the Thorax	134	Drainage of the Deep Layers	
Drainage of the Abdomen	137	of the Thigh	237
Drainage of the Abdomen -		Drainage and Fan	
Superior Part	140	on the Adductor Muscles	239
Drainage of the Abdomen -		Anterior Drainage of the Knee -	
Inferior Part.....	143	Double Fan	244
Drainage of the Back	146	Anterior Drainage of the Knee -	
Lateral Drainage of the Back	149	Single Fan	249
Lumbar Drainage	151	Medial Drainage of the Knee	251
Clinical Cases	155	Drainage of the Popliteal Fossa	253
5 Shoulder, Shoulder Girdle		Posterior Drainage of the Leg	258
and Upper Limb	157	Anterior Drainage	
Anatomical References		on the Tibialis.....	263
and Landmarks	158	Medial Drainage on the Tibialis	265
Drainage of the Shoulder	162	Anterior Drainage to the Ankle Joint	267
Drainage of the Shoulder		Lateral Drainage to the Ankle Joint ..	269
and Trapezius (Descending Part)	167	Medial Drainage to the Ankle Joint ..	272
Anterior Drainage of the Arm	169	Posterior Drainage	
Posterior Drainage of the Arm	174	to the Ankle Joint	275
Anterior Drainage of the Elbow	176	Double Fan to the Ankle Joint	277
Posterior Drainage of the Elbow	180	Drainage of the Dorsum of the Foot	
Anterior Drainage of the Forearm	184	and Toes	281
Posterior Drainage of the Forearm		Drainage of the Sole of the Foot	283
(Variant).....	187	Drainage of the Toes	285
Drainage of the Wrist - Dorsal Side ...	189	Dorsal Drainage of the Great Toe	288
Drainage of the Wrist - Palmar Side ..	191	Plantar Drainage of the Great Toe	291
Drainage of the Wrist - Radial Side	193	Clinical Cases	293
Drainage of the Wrist - Ulnar Side	195	7 Applications on Scars	297
Drainage of the Wrist		Skin	297
and Dorsum of the Hand	197	Etiology of Cutaneous Lesions	298
Drainage of the Wrist		Phases of the Healing Process	
and Palm of the Hand	200	of Wounds.....	299
Drainage of the Fingers	203	Pathology of Wounds	301
Drainage of the Thumb	206	Hypoplastic scar	302
Complete Drainage		Hyperplastic scar	302
of the Upper Limb	208	Metaplastic scar	302
Clinical Cases	210	Secondary pathology	302
6 Lower Limb	213	Ulcers	303
Anatomical References		Basic Concepts	
and Landmarks	214	of the Tape Application	303
		Treatment of scars.....	306

Mandible Scar - Inferior Part	308	Causes of hematomas	368
Anterior Neck Scar	310	Characteristics of a hematoma	368
Lateral Neck Scar	312	Size and shape of hematomas	368
Posterior Neck Scar	316	NeuroMuscular Taping:	
Lateral Scar after Breast Surgery	318	a Novel Therapeutic Tool	369
Inferior Scar after Breast Surgery	320	Basic concepts	
Sternotomy Scar	321	of the tape application	371
Vertebral Scar	323	Treatment of Hematomas	
Dorsal Scar	325	with NeuroMuscular Taping	372
Lumbar Scar	329	Contusion hematoma	372
Scar of the Abdomen - Superior Part .	332	Post-surgical hematoma	373
Lateral Scar of the Abdomen	335	Mixed congestions	375
Longitudinal Scar of the Abdomen	336	Clinical Cases	376
Longitudinal and Transverse Scars			
of the Abdomen	339	9 Combined Applications	
Caesarean Scar	341	with Lymphatic Bandage	381
Abdominoplasty Scar	343	Bandage on the Arm	383
Scar at the Elbow - Anterior Part.....	345	Bandage on the Forearm	388
Inguinal Scar	348	Inguinal Bandage	391
Scar on the Hip.....	349	Bandage on the Leg	395
Hip Replacement Surgery Scar	351	Clinical Cases.....	401
Scar at the Knee - Anterior Part	353	10 Evaluation of Some Clinical Cases	403
Clinical Cases	355	Clinical Case 1	404
8 Hematomas and Principles		Clinical Case 2	405
of Decongestion	365	Clinical Case 3	406
Descongestic		Clinical Case 4	407
NeuroMuscular Taping	366	Frequently Asked Questions	409
Contusions and Hematomas	366	Recommended Reading	413
Types of contusion	366		
Emergency first aid	367		

In the text, before each tape application, the extension of the part to be treated is indicated with the symbol  and the position of the patient with the symbol
